Summary

Former founder of Borofy, an e-commerce platform to rent products (like UK-based startup Fat Llama) with 2500+ users and 500+ products. I hold a degree in Computer Science and have a strong passion for programming. I have successfully launched 4 online courses on Udemy and Skillshare, covering Business, Tech, and Lifestyle topics. As an experienced freelance web developer, I have delivered over 250 mid to large-scale projects, including 100+ web applications that generated substantial revenue for my clients.

I am eager to leverage my entrepreneurial background, programming expertise, and project delivery experience to contribute to a team that is looking to make a difference. I am a highly motivated and results-oriented individual with a proven track record of success. I am also a team player, and I am always willing to go the extra mile.

I am confident that I can make a significant contribution to your team and help you achieve your goals. I am available for immediate start.

Skills

Startup Founder
Borofy Technologies Private Limited
June 2019 – Sep 2021 (2 years 4 months)
Bengaluru, Karnataka

• Founded and grew **Borofy**, an e-commerce rental platform for Electronics, Laptops, Cameras, Books, Video Games, Drones, Medical Equipment, and more.
• Led a cross-functional team of 15 individuals, covering content writing, digital marketing, operations, sales, logistics, and HR.
• Grown the startup from 0 to 2500 active users, enlisted 500 different products, onboarded 30+ local vendors and 3 popular startups - DrinkPrime, Yulu, and Sharepal.in.
• Orchestrated end-to-end development of the website - borofy.com, integrating APIs, payment gateways, and SMS gateways for a comprehensive user experience.

Full Stack Developer
Freelancer
Jun 2011 – Jun 2019 (8 years 1 month)

• Delivered 250+ mid to large-scale projects, including 100+ web applications, utilizing stacks like LAMP, LEMP, MERN, and Django.
• Skilled in WordPress, custom widget creation, and e-commerce technologies like Shopify and Magento.
• Extensive experience in integrating complex APIs to enhance application functionality.
• Developed hybrid mobile applications using React Native.
• Demonstrated ability to quickly learn new technologies and adapt to diverse project environments.

Education

Bachelor of Computer Applications
West Bengal University of Technology
2008 – 2011
Kolkata, India

Achievements

• Awarded first place in the Web Development category "Web Diva" at **Avenir**, annual inter-college tech fest at Netaji Subhash Engineering College, West Bengal, for three consecutive years (2009, 2010, 2011)
